

Conditions of participation Fumetto Comic Contest 2024

Fumetto Comic Festival Lucerne is hosting a comic competition every year. It is intended to give comic creators the opportunity to compare themselves internationally and present them to the general public. This year's competition theme is **FLEISCH/MEAT/FLESH**. Send us the scariest, most beautiful, most bizarre and funniest stories about meat, be it about the human body, about responsible consumption in the face of climate catastrophes or about international specialties. Whether it's juicy physicality or rather dried meat from Central Switzerland - grab your pencils, and let's go!
